1. Introduction

1.1 Invitation

The Condominium Authority of Ontario (CAO) hereby issues this Request for Services (“RFS”) for graphic design services.

1.2 Background Information about the CAO

The Condominium Authority of Ontario (CAO) is a self-funded, not-for-profit corporation responsible for the administration of delegated provisions of the Condominium Act, 1998 and corresponding regulations as of September 2017. CAO is also responsible for the operations of the Condominium Authority Tribunal (CAT) which has authority to resolve prescribed disputes.

The policy changes that led to the creation of the CAO began in 2012 with the Ontario government’s extensive public review of the Condominium Act, 1998. Over an 18-month period, the Ministry of Government and Consumer Services (MGCS) led public consultations with owners, developers, condo managers, lawyers and mediators, who identified issues and made more than 2,000 submissions and more than 200 recommendations, with calls to strengthen consumer protection and support the needs of both current and future condo owners.

Consequently, the government created the Protecting Condominium Owners Act, 2015 (“PCOA”) which introduced significant changes to the Condominium Act, 1998, and paved the way for the establishment of the CAO and CAT.

The CAO aims to protect consumers and support condominium living by providing the following services and resources for condominium owners, residents, buyers, directors and managers across the province:

- Easy-to-use information to help owners and residents understand their rights and responsibilities;
- Free online resources, tools and guided steps to help condo owners and residents resolve common issues and disputes collaboratively;
- Mandatory training for condo directors elected or appointed after November 1, 2017 to help them understand their oversight and legal obligations;
- Easily accessible and cost-effective online dispute resolution service through the Condominium Authority Tribunal (CAT);

- Easy to navigate condominium returns system to allow corporations to file and update key information; and
- Publicly available and searchable Condominium Public Registry containing information on every condo corporation in Ontario.

2. Scope of Services

The outcome of the RFS is to identify and secure one or more vendor(s) to assist with graphic design services as needed by CAO.

2.1 The detailed scope of services:

One or more vendors of record to execute ad-hoc graphic design requests turning text in word documents into pamphlets, guides, web pages, social media sharables, and other CAO external products that help the organization provide consumer protection, information, education, and dispute resolution to condo communities.

Immediate focus would be on refreshing several 40–60-page text-heavy guides and training materials provide information on condominium living for board directors and owners.

Please provide pricing and timelines based on this [example guide](#).

Editing copy will not be required. The winning bidder would be asked to make suggestions mostly related to look and feel. The vendor can optionally engage in branding and template creation work, to be charged hourly. Flow of work would be determined based on how the project advances, there are no guarantees for any set amount of work per quarter.

Please include hourly and rush rates in your response as well as an example project plan for the example guide in this scope. Please include costs for procuring creative assets and stock imagery in your price. Do not include printing costs.

Each project will require completion of assets in both English and French. CAO will provide both English and French text in word format.

This is the CAO's approval process for creative products:

1. Business lead drafts
2. Communications team edits
3. Business lead validates
4. CEO approves
5. **Designer** mocks up
6. Communcations team provides feedback

7. **Designer** makes final changes
8. CAO translates final copy into French
9. **Designer** provides French assets

Timelines are dependent on the complexity of the project.

Section 8 continues to apply despite the completion of Deliverables under this Agreement.
